

Our Mission

The **Association of Electric Companies of Texas, Inc. (AECT)** is a trade organization that provides a forum for member companies to **exchange information about public policy and to communicate with the public and government officials.**

Our Vision

AECT is dedicated to reliable, affordable and sustainable electricity to meet the **needs of today and support the future growth and economic success** of Texas.

Our Principles

Reliability

Modern infrastructure and diverse resources for reliable and resilient supply and delivery of electricity.

Fair and predictable oversight and regulation to promote investment and ensure the stability of Texas' electric industry.

Sustainability

Pioneering technologies that support a sustainable environmental future for Texas.

Investment in Texas' economic and energy prosperity with a meaningful and positive impact on the communities we serve.

Affordability

Efficient competitive markets that are fair to customers and market participants.

Advanced technologies and innovative programs to support energy efficiency and cost-savings for customers.

Security

Ongoing efforts to mitigate supply chain risks, supporting reliable electric operations and ongoing system resilience and investment.

Vigilant defense against cyber and physical attacks on Texas' electric systems.
